PRIOR AUTHORIZATION FOR SERVICES OUTSIDE THE AREA OF EL PASO

Participating providers outside the El Paso Area must submit prior authorization for scheduled inpatient admissions and elective outpatient surgeries.

INPATIENT ADMISSIONS:

All elective (non-emergency) admissions require prior authorization. The prior authorization process will review the medical necessity and appropriateness for the requested admission. Prior authorization will also identify appropriate alternative facility providers or settings for the requested admission, such as an alternative use of an outpatient facility when the requested service can be safely and effectively done in an outpatient rather than an inpatient setting.

All emergency admissions (those through an Emergency Room or a direct admit from a physician's office) require notification within twenty four (24) hours following the emergency admission. Failure to notify Preferred Administrators of an emergency admission will result in denial of a claim. When emergency admissions occur and the patient will be confined beyond twenty four (24) hours, transfer to UMC will be offered when the patient's condition can appropriately be treated at UMC and the patient is medically stable and able to be transported to UMC.

NOTE: All Out-of-Area/Out-of-Network Transfers must be Pre-Authorized

Although it is the Provider's responsibility to request authorization for the health care services to be delivered, it is ultimately the Member's responsibility to ensure that the requested services have been preauthorized to avoid delay in services or unpaid claims. We encourage you to always call Preferred Administrators at **915-532-3778** to verify if the provider requested an authorization before you render the services.

INPATIENT MATERNITY:

All Inpatient Maternity Admissions require notification from your provider within twenty four (24) hours following the delivery. Failure to notify Preferred Administrators of an emergency admission will result in denial of a claim.

NOTE: A Preauthorization does not guarantee payment of benefits nor verify eligibility. Payment of benefits is subject to all terms conditions, limitations and exclusions of the Member's contract, regardless of a determination, medical, decisions regarding a course of treatment are solely between the physician and the patient.

CONCURRENT REVIEW AND DISCHARGE PLANNING:

All inpatient admissions are monitored for compliance with the certified length of stay. Admissions which are continued beyond the expected length of stay, are reviewed to determine the medical necessity for the continued stay, and to identify the expected discharge date of the patient. The Preferred Administrators Case Manager will work collaboratively with the facility when a patient can appropriately be transferred to an alternative care setting; or when a patient is discharged from an acute care setting to an alternative care setting such as home health care.

PRIOR AUTHORIZATION FOR OUTPATIENT BEHAVIORAL HEALTH ADMISSIONS AND OUTPATIENT THERAPY:

All elective (non-emergency) Behavioral Health admissions for Mental & Nervous Disorders or Substance Abuse require prior authorization. The prior authorization process will review the medical necessity and appropriateness for the requested admission. Prior authorization will also identify appropriate alternative facility providers or settings for the requested admission, such as an alternative use of an outpatient facility when the requested service can be safely and effectively done in an outpatient rather than an inpatient setting.

Outpatient therapy by a Psychiatrist M.D. or a Psychologist Ph.D. or counseling by a licensed professional based on a written referral for therapy or counseling requires prior authorization. An initial evaluation by an M.D. or Ph.D. does not require prior authorization. Subsequent therapy sessions or referral to a licensed professional for therapy or counseling requires prior authorization.

CASE MANAGEMENT:

As a Plan Member, you qualify for certain Case Management benefits determined to be necessary and appropriate at no charge to the Member. Case Management will require full participation by the Member.

The Health Service Department staff which includes Medical Directors, Member Medical Directors, Registered Nurses, Licensed Vocational Nurses, Case Managers and Social Workers are available to assist Members when situations emerge involving potentially high cost medical services, complex medical care needs, catastrophic medical illness or injury, or out of area medical services. Case Managers will consult with the treating physicians and facility representatives regarding medical service needs and potential alternative treatment plans. The focus of Case Management is to assist the Member by monitoring the situation, identifying available clinical resources, making suggestions regarding treatment plan options, helping the Member understand a disease process, a treatment plan or medical terminology, which may include the following:

- personal support to the Member and family;
- monitoring hospital stays and sub-acute facilities;
- identifying appropriate alternative care options;
- assisting in obtaining any necessary equipment or supplies;
- coordinating the care plan among physician(s) and other health care professionals.

Participation in Case Management is required when it is determined to be an appropriate resource. Accepting Medical Case Management recommendations is voluntary and there will be no reduction of benefits if the Member chooses not to accept recommendations presented by the Case Manager.
